CHECKLIST

Information Note

Use this Checklist to identify those schedules that you need to attach to your Financial Statement. Check each situation that applies to you (there may be more than one). Then complete and attach all schedules marked with a dot (“•”) for each situation that you have checked and append all documents that the schedule requires you to provide. Only complete and attach each applicable schedule once. Please note that this Checklist is to assist you in identifying the information that you are obligated to provide (see sections 21 and 22 of the *Federal Child Support Guidelines* and Rules 15-47 to 15-59 of *The King’s Bench Rules*).

This Checklist is not exhaustive. The opposite party may request, and/or the Court may order, that you provide more information than is identified in this Checklist depending on the specific circumstances of your case. Please also note that Rule 15-48 identifies those scenarios when a Financial Statement **does not** need to be completed. For example, if a child is primarily resident with a party who is only applying for child support in the table amount, and the income of the person being asked to pay support is less than \$150,000 per year, the party seeking support is not required to complete a Financial Statement.
